Entrepreneurship - MINOR

The Entrepreneurship minor provides students with the essential skills and knowledge to pursue a new business venture. This curriculum is designed to complement a student's primary field of study by offering a comprehensive introduction to the principles of entrepreneurship. Through this minor, students gain insights into the art of launching and managing small businesses and start-ups. Furthermore, students explore the process of taking a business idea from its inception as a fledgling concept to its development into a more mature enterprise. This minor offers a valuable foundation for those looking to infuse an entrepreneurial mindset into their chosen field.
