

First-Year Seminar (FYS) Courses

FYS1010 First-Year Seminar

The course encourages first-year college students to strengthen the connection between self-exploration, active classroom engagement, and understanding larger educational and global communities. This explorations seminar also encourages and allows students to identify their natural talents and skills while focusing on academic goals and potential career aspirations. Students connect with the educational and campus community through academic and co-curricular pursuits. By gaining these experiences, students enhance their intellectual and emotional growth. Finally, students are guided to institutional resources that are targeted to maximize both academic and personal growth.
