

Tuition and Fees

The following estimated tuition and fees schedule is effective for the 2024-25 academic year and is subject to change annually.

Tuition is applicable to all students, including those in approved off-campus programs such as Study Abroad and internships. Students enrolled in courses in excess of a normal full-time schedule will be assessed an additional tuition charge. For purposes of tuition billing and financial aid eligibility, full-time status is determined on a semester basis and consists of 12 to 18 credit hours per semester. Students carrying more than 18 credit hours will be charged for each credit over 18, unless they meet eligibility for the Special Honors and Rewards Program (SHARP). When repeating courses already attempted, students may be assessed a fee for those courses. Students are assessed tuition upon course registration each semester. Summer is considered a separate term. The semester credit hour rate is \$1,161 per credit.

Statement Regarding Tuition & Fees

Solely for avoidance of doubt, the tuition and fees students pay the university will not be discounted, irrespective of any changes in the manner or mode of learning or changes to any activities, events or programs (including revision, postponement or cancellation of same) at any time during the academic year; the manner or mode of learning could include on-ground learning, remote learning, or a combination of the two; it could include fewer classes or restructured classes; and it could include changes mid-semester (as just a few examples of possible changes). Deposits and Other Fees*

Deposits

The \$300 deposit is payable upon acceptance to the university. The university observes the May 1 deposit deadline and encourages students to research all schools before placing a deposit. Deposits received after May 1, 2024, will be accepted on the basis of space availability. Deposits are nonrefundable. Students must also have an approved payment plan with Student Financial Services by the established due date to select a room assignment. Students who establish an approved payment plan after the due date could be placed in a temporary assignment regardless of fee payment date, although Residential Life will make every effort to assign students to permanent room assignments.

New Student Fee

This nonrefundable fee, which is uniformly charged, is required of all new students for orientation, testing and semester start activities. It is charged to students who start during the fall or spring semester.

Student Activity Fee

The student activity fee provides funds for student clubs, organizations and departments that serve to provide a rich and varied co-curricular experience. This fund is managed by the Student Government Association and used to support programs and services such as comedy shows, concerts, lectures, movies, special events, travel, and club and organization appropriations. Activities may vary by campus.

Medical Health Coverage While Enrolled

All undergraduate day students, both domestic and international, all international graduate/doctoral students, and any graduate student required to be enrolled under programmatic requirements (e.g., students enrolled in the Physician Assistant Program, on-campus Occupational Therapy Program, Addiction Counseling or Clinical Mental Health Counseling master's degree programs, etc.), registered and attending Johnson & Wales University and taking credit hours (excluding full-time Johnson & Wales employees) are eligible and enrolled in the plan on a hard waiver basis. Whether a student is "registered" and "attending" shall be determined exclusively by Johnson & Wales University.

If university policy requires students to have health insurance and the coverage is through another means (i.e., parent's health insurance or an employer program), the student does not have to utilize the university student health insurance plan and may opt out of/waive it. All current insurance must be accepted and fully comprehensive for all of the student's needs in the U.S. and the state in which the student attends class. Students can opt out of/waive the university plan by submitting the online waiver form to demonstrate evidence of coverage. A new waiver form must be submitted each academic year. Students who are required to have health insurance and do not waive the Johnson & Wales University plan will be

charged for it. The online waiver form and details of the plan, including the full brochure and benefit flyer, can be found on the University Health Plans website.

The COA includes tuition and fees; on-campus housing (or a housing and food allowance for off-campus students); and allowances for books and supplies, transportation, personal expenses, and federal loan fees. If applicable, the COA may also include dependent care, disability expenses, cost of a personal computer, or fees for an applicable eligible study-abroad program.
