

Drug and Alcohol Policy

I. Scope and Application

A. As a recipient of federal aid and federal grants, Johnson & Wales University (JWU) adheres to the Drug-Free Workplace Act of 1988 and the Drug-Free Schools and Communities Act of 1989.

B. In accordance with these laws, Johnson & Wales University (JWU) prohibits the unlawful manufacture, distribution, dispensation, possession, and use of controlled substances, drug paraphernalia, and alcohol at the workplace and in the educational setting. Possession or use of alcoholic beverages anywhere on university property is prohibited, except for legal use in the workplace or educational settings sanctioned by the university. "Unlawful" for these purposes means in violation of federal, state, or local statutes, regulations, ordinances, or applicable case law. Where federal and state law conflict—so that a substance may lawfully be used under state law but not federal law—federal law will control. Therefore, if a substance is illegal under federal law, even if a state legalizes that substance, the substance remains illegal and subject to this Drug and Alcohol Policy. For example, even as multiple states, including Rhode Island, have legalized certain uses of marijuana, marijuana remains an illegal Schedule 1 substance under federal law. "Workplace" is defined as either university premises or any place where university business is conducted away from university premises. "Educational setting" includes both university premises and approved educational sites off campus.

C. Johnson & Wales University is not, and cannot be considered, a protector or sanctuary from the existing laws of local, state, or federal governments.

II. Sanctions

A. Students: Disciplinary sanctions that may be imposed on a student found to be in violation of this policy include, but are not limited to, revocation of certain privileges, community service, conduct warnings, conduct probation, fines or restitution for loss, suspension or dismissal from the university and/or university housing, referral to alcohol education or other similar classes, and possible referral to local authorities consistent with applicable law. The university reserves the right to notify parents of alcohol and drug violations by students who are under the applicable legal drinking age, consistent with applicable law. Students who are Pell Grant recipients must notify the university within five days of any criminal drug statute conviction for a violation occurring on or off university premises while conducting university business or activities.

B. Employees: All employees must abide by this policy and must disclose to the university any criminal drug or drug-related conviction. Employees who violate this policy will be subject to disciplinary action up to and including separation of employment and possible referral to the appropriate authorities consistent with applicable law.

C. All: JWU sanctions will be consistent with local, state, and federal laws.

III. Effects of Alcohol and Controlled Substances

A. Please see the chart in Appendix A for examples of the effects of alcohol and controlled substances, obtained from <https://www.drugabuse.gov/sites/default/files/cadchart.pdf>.

IV. JWU's Substance Abuse Prevention Program

A. Students: Several programming initiatives and alternatives are available to help students examine their own behavior related to alcohol and other drugs (AOD).

1. Counseling Services provides an assessment of AOD usage for all students who seek counseling.
2. Referrals to community resources are available for individuals with more long-term or complex needs. A number of AA/NA/Al-Anon groups hold meetings close to campus and in the larger local community.
3. Counseling Services offers AOD prevention through programming efforts with various student groups and Student Affairs departments.
4. Counseling Services also collaborates with Community Standards and Conduct to provide educational and other

resources for students with problematic drinking behavior and drug use.

5. For further information, students should call Counseling Services at 401-598-1016 (Providence Campus) or 980-598-1700 (Charlotte Campus).

B. Employees: An Employee Assistance Program (EAP) is available for university (non-student) employees and their family members. This important benefit allows eligible persons the opportunity to access professional and confidential counseling services for help in dealing with personal issues, including alcohol and drug problems. This benefit is administered by Coastline EAP. Coastline EAP can be contacted at 800-445-1195, or at www.coastlineeap.com. For further information regarding this benefit, you may also contact Human Resources & Payroll at 401-598-1034 (Providence Campus) or 980-598-1006 (Charlotte Campus).

C. For additional information, please review the resources and data available at www.samhsa.gov. The Substance Abuse and Mental Health Services Administration (SAMHSA) is the agency within the U.S. Department of Health and Human Services that leads public health efforts to advance the behavioral health of the nation. SAMHSA's mission is to reduce the impact of substance abuse and mental illness on America's communities.

V. Examples of Potential Violations and Penalties for Drug and Alcohol Offenses

A. Examples of Violations:

1. Federal, state, and local laws prohibit the unlawful manufacture, distribution, dispensation, possession, and use of controlled substances and alcohol.
2. It is unlawful for anyone under the age of 21 to possess or purchase alcoholic beverages, for anyone to purchase alcohol for or furnish alcohol to anyone under the age of 21, and for anyone to misrepresent one's age, such as by falsifying an identification card.
3. It is unlawful to operate a motor vehicle under the influence of controlled substances or alcohol.

B. Examples of Penalties: Depending on the offense involved, potential penalties may include (among others):

1. suspension or loss of the offender's driver's license or driving privileges;
2. fines (including fines of hundreds or hundreds of thousands of dollars); and
3. imprisonment for various terms up to a term of life.

C. A student will become ineligible to receive Title IV (Higher Education Act) federal financial aid for a period following conviction for an offense under any federal or state law involving the possession or sale of illegal drugs for conduct occurring during a period of enrollment during which the student received Title IV (Higher Education Act) federal financial aid.
