

Parking Areas

Resident Students

A student's decision to bring a car on campus should be well-informed, as parking space is limited. See the campus map for specific parking locations.

General Guidelines

- The parking garage adjacent to the Academic & Student Center is available for general use between 4pm and 8am. Hours have been extended to provide a closer parking location for students visiting the 24-hour computer lab or library during the evening. The lot is open to commuter students, staff, faculty and visitors between 8am and 4pm. Vehicles parking in the garage at any time must have a valid JWU decal or visitor's pass.
- All students must have a current parking decal, displayed on either their rear window or rear bumper, to park on campus. Parking spaces are distributed by student population (please see details below). Students should visit Campus Safety & Security at 1705 NE 124th St. to request a parking decal.
- Businesses in the area will tow Johnson & Wales and/or other unauthorized vehicles, including personal vehicles that park in their parking spaces.
- Please do not park in marked visitor spaces, red curbs, yellow curbs, or in intersections, crosswalks, near fire hydrants or any other location prohibited by law.
- Students with guests visiting campus should visit Campus Safety & Security at 1705 NE 124th St. or call 305-892-7604 for visitor parking information. Students are not permitted to park in spaces designated for staff and faculty.

Parking Availability

Parking is designated by zones. A campus map may be viewed in the JWU smartphone app and online.
