

# Getting Help

After a sexual assault or incident of dating violence, domestic violence, stalking, sexual exploitation and/or retaliation, there are many options. Understanding and choosing between these options can feel confusing and overwhelming. You are not alone.

Information, support and resources are available on and off campus to help students. The university provides a non-exhaustive list of organizations and departments by campus that offer or arrange for immediate support and response, including arrangements for emergency services, if needed; transportation to medical resources; contact with local authorities; information regarding criminal and civil proceedings and/or the university's Student Conduct Review Process or Human Resources procedures, as appropriate; advocacy services; referrals/advice about university and community counseling services; and assistance with personal safety concerns.

Many of these resources are available to respondents as well. Community members are encouraged to seek assistance and locate resources that are right for them.

Please see the appropriate section for resources at each JWU campus.
