

Letter from the President

As a student at Johnson & Wales, you belong to the greater campus community shared by your peers, faculty and staff. At JWU, we are proud of our Wildcat Way credo: Pride, Courage, Character and Community. These are the four traits that characterize what it means to be a Wildcat on campus, on the athletic fields, and in the community.

Your Student Handbook will help guide you on your journey of achievement! In addition to its use as a policy reference, it can connect you with the resources you will need to be successful at JWU. Please use these resources to sharpen your academic skills, develop your leadership abilities, and seek additional student-life opportunities.

We are here to support your academic and personal journey each step of the way.

#JWUCares #IamJWU

Sincerely,

Todd D. Flaherty, Ed.D.

Interim President, Charlotte Campus
