

Business Administration - A.S.

The Business Administration associate degree program prepares students for a variety of business career options. It is an ideal program of study for those who plan to pursue a bachelor's degree but have not yet chosen a business career specialization. Students enrolled in this program can apply all credits toward any of the Bachelor of Science in Business Administration (B.S.B.A.) degrees.

The Business Administration associate degree program introduces students to the field of business. Students in this program begin to acquire the knowledge and skills they need to successfully lead and navigate organizations in today's evolving and demanding business environment.

Upon completion of the program, graduates are expected to:

- Apply introductory concepts of accounting, economics, management and marketing within business settings.
- Use decision-support tools to apply legal and ethical standards in business situations.
- Use communication methods effectively in the workplace.

Business Administration
