

Nonprofit Management - Certificate

Nonprofits around the world are shaping public policy, delivering services, mobilizing for collective impact, contributing to our economies, and in general facilitating the citizen participation and influence that creates free and effective societies. This certificate in Nonprofit Management combines academic rigor and skill set training to enhance the performance of those currently working in the nonprofit sector. It also sets a solid foundation for master's degree students about to enter the field.

Upon completion of this certificate program, individuals are expected to:

- Apply appropriate decision-making processes and skills to effectively manage nonprofit organizations

All credits successfully earned in the certificate program can be applied towards a graduate degree in nonprofit management.
