

Hospitality Management - A.S.

The Hospitality Management associate degree program introduces students to the dynamic world of hospitality. Students learn about the various business segments within the hospitality industry, and they can use their major electives and free electives to further explore their area of interest. Students enrolled in this program can apply all credits toward the Bachelor of Science degree in Hospitality Management.

Upon completion of the program, graduates are expected to:

- Apply the major concepts, skills and values of the hospitality industry in managing day-to-day hospitality operations.
- Apply the foundational skills and concepts necessary for career growth into a wide range of management positions.
- Utilize logic and critical thinking skills in a hospitality environment to create solutions for guests and other stakeholders.

In collaboration with academic colleges across all JWU campuses, JWU Global Study Abroad programs offer a variety of international, domestic, and digital options for major, minor, free electives, experiential learning, and transferable courses. There are many affordable options for students during a semester, winter session, spring and/or summer breaks. Faculty-led, exchange, affiliate, and direct-enroll programs range in duration from one week to a full semester or full year. Financial aid may be applied, and some partners offer external scholarships. Premiere programs do not qualify for JWU scholarships or grants; however federal aid is available. Visit the study abroad website for information, program descriptions and online applications. Where will you go? Wherever you decide, make the best of your educational journey!
