

# MBA One Year Program

## Curriculum

The one-year delivery of the Master of Business Administration degree program is designed to be an intensive program of study which will allow a student to complete all requirements in 12 months beginning in the fall or spring semester.\*

Upon completion of the program, graduates are expected to:

- Gather, interpret and analyze research to inform decision-making at operational and strategic levels of an organization.
- Use advanced communication skills and awareness of cultural differences in global and domestic business interactions.
- Analyze problems from a diverse perspective, propose effective solutions and evaluate the impact of executive decisions.
- Assess and evaluate business entities taking into account cross-functional environments as they affect ethical decision making in domestic and global organizations.

Graduates learn executive business competencies, professional leadership, and strategic and creative thinking skills that will help them ethically solve problems which occur in the global business environment in culturally sensitive ways.

Admission to this accelerated program is offered in the fall and spring semesters. Students with an interest in developing new connections and a desire to complete the program quickly are prime candidates. Students are expected to have completed all required foundation courses before the start of the MBA core classes. The One Year Program offers courses in both Hybrid and Online formats.\*\*

The one-year program is identical to the traditional program except that all courses are offered in an eight-week hybrid model. Students complete two courses per eight-week semester which adds up to four courses per semester, including the summer term.\*\*

\* Online students start in the fall, spring or summer semester.

\*\* Students enrolling in the Online program will take courses in a 100% online environment and are not required to come to campus.

## Master of Business Administration - One Year Program

<b>Total Credits</b>		<b>42.0</b>

\* Students may choose up to 6 credits of 5000-level or higher study abroad to satisfy elective courses.

## Admissions Requirements

### Graduate

To be considered for admission into any JWU graduate degree program offered on campus, the following documents must be submitted:

1. A completed graduate application for admission
2. Official or certified transcripts/mark sheets from all institutions attended, including proof of bachelor's degree and master's degree (if applicable) conferral. Transcripts issued to a student are not considered official

unless in an unopened university envelope. When a graduate program application is submitted prior to completing requirements for the bachelor's degree, Graduate Admissions will consider the application and, if admissible, will offer an acceptance pending submission of final transcript verifying bachelor degree conferral. Without such verification, students may not be allowed to register for the current semester or continue enrollment, and will be in jeopardy of losing their academic status with the university.

3. Statement of Purpose: an essay explaining your motivation, aptitude and goals related to graduate-level study
4. Two letters of recommendation from individuals qualified to attest to the applicant's potential for success at the graduate level of study.
5. Current résumé or CV
6. Applicants must have a bachelor's degree in business to apply; a 2.85 cumulative grade point average is required.

In order to finish the program in one year, summer classes are required.

### Conditional Acceptance

Conditional acceptance to certain graduate business programs may be extended to students who have a 2.41–2.84 cumulative undergraduate grade point average, and demonstrate significant evidence of professional success. Students granted conditional acceptance may take a maximum of three JWU graduate courses in their first semester (students may not enroll in two 8-week courses at the same time). If an overall GPA of 3.0 is earned in the first conditional semester, the student will be granted full admission to that program. Students who do not earn an overall GPA of 3.0 will be dismissed from the program and will not be accepted to any JWU graduate program.
