

# High School/College Verification

All students who have been accepted for admission to Johnson & Wales University must provide verification of high school completion. International students need to submit an **official, final** transcript, diploma and/or official examination results, with original stamps, signatures and award date.

Students do not need to provide high school verification if the student has completed the following:

- Successful completion of an associate degree program
- Successful completion of at least 60 semester or trimester credit hours or 72 quarter credit hours that did not result in the awarding of an associate degree, but is acceptable for full credit toward a bachelor's degree at any institution
- Or enrollment in a bachelor's degree program where at least 60 semester or trimester credit hours or 72 quarter credit hours have been successfully completed, including credit hours transferred into the bachelor's degree program

In order to be awarded transfer credit, applicants will need to request a certified course-by-course evaluation (with GPA and course levels) from a NACES approved international credential evaluation service, such as WES, ECE, Spantran, etc. Once JWU receives the evaluation, we will review and verify its contents.

**Without such verification, students may not be allowed to register for the current semester or continue enrollment and will be in jeopardy of losing their academic status with the university as well as their immigration status.** For international students, a loss of immigration status will require their immediate departure from the U.S.
