

Parking

To park a vehicle on university property, students must have a parking permit. Parking permits are available through the semester start/orientation process or can be requested at Student Financial Services, online or at Campus Safety & Security (depending on campus). It is the responsibility of the person applying for the permit to maintain:

- a current university ID
- a valid driver's license
- proof of minimum liability insurance
- a valid automobile registration

Parking is available in designated university parking lots on a first-come, first-served basis, and there is no guarantee of available space. The university is not responsible for any vehicle or its contents while it is parked on university property. For more information please refer to the parking information website.
